This group will be honoring and recognizing all the traditions especially Tradition One which states: Our common welfare should come first; personal recovery depends on ACA unity.

Welcome to *Ready Set GO!!*

We have created *Ready Set GO* for taking the 12 Steps in 4 one and half hour sessions first before working the 12 Step Workbook. We will not be working the Steps. We will be taking the Steps. In taking the Steps using *Ready Set GO*, we hope to "keep it simple" releasing some anxiety and fearfulness going into working our 12 Step Workbook later. The recovering and discovering progresses with taking and then working these Steps together. The material is taken from our Big Red Book and our 12 Step Workbook. Some modified worksheets, and some new worksheets will be introduced to generate practical use in *Ready Set GO!!*

Sharing partners will be used to maintain a buddy system for those hard to handle situations for the 4 weeks of Ready Set GO!! The requirements for a sharing partner are: attending meetings regularly, and/or has completed the 12 Step Workbook.

After Ready Set GO all partners may commit to completing the Workbook for a weekly group for 9 months to a year or with a sponsor.

Safety, unity, reassurance, understanding, spirituality and faith in our 12 Step program are the all around goals for Ready Set GO.

Ready Set GO is for the newcomer and the old timer. It requires those in attendance to listen to the material with an open mind and an open heart and in good faith.
