

ACA Walk and Talk 2014

When: Sunday, June 29th

Time: We'll start walking at 9:30 am

Note: We'll try to post our "Friends of Tony A" signs if they'll let us

Welcome to the season's first ACA Walk and Talk. Join us for this Fellowship activity – a short walk along the Salt Creek in Oak Brook where maybe you'll see some old friends and make some new ones.

*Remember, anytime two or more are gathered, an ACA meeting can be had.

Where: Near Graue Mill located at: 3800 York Rd, Oak Brook, IL 60523
(630) 655-2090

Specifically, we will meet in the Fuller House Parking Lot, east of the intersection of Spring and York Roads. (See map) or go to the following link:

http://www.dupageforest.com/uploadedFiles/Content/District_News/Plans_and_Projects/FullersburgWoodsMap.pdf

A little about Graue Mill:

One summer morning in 1852, Fred Graue entered his mill and turned the wheel that opened the sluice gates outside. Water from Salt Creek rushed into the millrace and the wooden waterwheel began to turn for the first time. It would turn the machinery that would grind grain for the next seventy years.

Today, Graue Mill is the only operating waterwheel gristmill in the Chicago area.

After our walk, we'll meet at:

Egg Harbor Café – Hinsdale

Address: 777 North York Road

Tel. (630) 920-1344

The restaurant location is a little tricky as it is located in Gateway Square, a small, nondescript and unusual mall. But we'll find it together . . .

What to bring: **Your Inner Child, bottled water and a friend.**

This event is being hosted by the **West Great Lakes Intergroup.**
